## HOME SCHOOL

### FALCON GYM HOME SCHOOL PROGRAM

We know how difficult it is to provide professional, educational and fun physical education programs for your home schooled children. Falcon Gymnastics offers a set hour each week to address the concerns and needs of parents and students. Our experienced and trained coaches take each class through the basics of gymnastics, right to advanced moves. Students receive instruction on all the apparatus. The program is designed to be educational, fun, and increase flexibility and fitness.
